Our 55th Anniversary Sale

This Will Be the Greatest Sale in the History of Washington

Let us tell you why. In the first place, it will be the greatest because we gave decisive orders weeks ago that it must be so. There is a complete understanding between this firm and all its executives and merchandise buyers that the attractions must be such as to create an irresistible impulse on the part of the public to visit this store many times during October.

It will be the largest event of the kind ever known because tens of thousands of people of this city and for many miles around are waiting for it—the natural cumulative strength of an annual occasion that has become widely known as the most important and most advantageous in this city.

The sale upon the occasion of our Fiftieth Anniversary was a REVELATION in value-giving, and the volume of business larger than had previously been dreamed of in October. Our Anniversary Sales have been growing larger and larger ever since, and THIS, WE ARE SURE, WILL ECLIPSE THEM ALL.

It will be the greatest because hundreds of manufacturers have been as enthusiastic in preparation for this sale as we have been. They have realized that our purpose is to celebrate the store's birthday in a manner that will make an indelible impression upon the public by an outpouring of thankfulness for our successful career through A MONTH'S LIBERAL PROFIT-SHARING. And we have secured for this sale more different lots and larger quantities of merchandise on which the makers as well as ourselves sacrifice usual profits than upon any former occasion.

There Will Be Extraordinary Values in All Departments Throughout the Month

We assure you that this sale has no real precedent—the special events nearest approaching it have been our own previous Anniversary Sales; but this will exceed them all in the values given as well as in quantities of merchandise.

SPECIAL NOTICE—We wish to impress upon you the fact that every dollar's worth of merchandise advertised in this great anniversary sale is absolutely first quality.

We have just received this large shipment, which not only contains the New York Show-room Models, but all the samples turned in by the returning traveling men, whose season on the road as far as this fall is concerned is at an end. But everything works out for the best, as real suit weather has only just begun—and these Beautiful Samples come to you just when you have the whole season in front of you and just in time for this big Anniversary Sale.

Many of these garments are the New Fur-trimmed Models.
